Sure Well International Industrial Limited

Sure Well International Industrial Limited is a manufacture of Self defense products, Policy equipments and other Electronic products. Our goal is to provide well-designed, effective, safe and easy to use products for protecting you and your loved ones.

As a leading manufacturer with senior knowledge and experience in design, technology, quality assurance, production control and marketing, we offers only the highest quality self defense products and policy equipments. With power support from our senior engineer team, we have designed and produced many innovative patent products. We not only have some professional electric and industrial design engineers, which specialize in R&D, but also owned a few production and quantity control specialist managed full production process. Our high quality and patented products had wined stable markets in more and more countries.

You can visit our website www.andarm.net to get more information of our products. If you have any other question, please feel free to contact with us.

Sincerely

Yu Kai, President
Group: Sure Well International Industrial Limited
Manufacturer: Ningbo Sure Well Electronic Co.,Ltd.
Sales Company: Xi'an Sure Well Import & Export Co.,Ltd.

Stun Gun

ADT787

Specification: 1000KV

Rechargeable stun gun / Flashlight

1) Unique patented design (Patent # US D611, 115S)
2) Ultra bright LED (120 lumens)
3) 120 minutes flashlight runtime
4) Aerospace grade aluminum body with hard-anodized finish
5) Anti-skidding rubber handle
6) Quality Ni-MH rechargeable batteries

Accessories
1) Includes wall charger
2) Includes carrying case
3) Optional car charger

Packing details
1PC/Gift Box
6PCS/inner Box
24PCS/Carton
G. W: 19. 00KG/CTN
CTN SIZE: 56*33*33cm

AWB782

Specification: 1000KV

Rechargeable stun gun / Flashlight

1) Unique patented design (Patent # US D561,294S)
2) Ultra bright LED (80 lumens)
3) 120 minutes flashlight runtime
4) Double protection (highly irritant strobing light and high shocking)
5) Quality Ni-MH rechargeable batteries
6) Soft rubber coating
7) Wrist strap for added security

Accessories
1) Includes carrying case with belt clip
2) Includes wall charger

Packing details
1PC/Gift box
6PCS/Inner Box

ADT786

Specification: 2000KV

Rechargeable stun baton / Flashlight

1) Unique design (Patent Pending)
2) First artificial intelligence stun baton
3) All operative modes on LCD panel
4) Intelligence battery charge system
5) Automatic limit shocking time
6) Ultra bright LED (150 lumens) with 4 modes (Max-Med-Min-SOS)
7) 180 minutes flashlight runtime
8) Aerospace grade aluminum body with hard-anodized finish

Accessories
1) Includes wall charger
2) Includes carrying case

Packing details
1PC/Box
6PCS/Carton

AGZ781

Specification:1000KV

Rechargeable Stun Gun/Flashlight

1) Unique patented design (Patent # US D611,114S)
2) Adjustable length 32″-26″
3) Built-in rechargeable Ni-MH battery
4) Bright LED flashlight
5) Weight capacity 250 lbs
6) Soft rubber coating handle

Accessories
1) Includes wall charger
2) Includes carrying case

Packing details
1PC/Box
6PCS/Carton

Multi-Function Stun Gun

This device is a law enforcement product. It has more act means and is equipped with more kinds of non-lethal projectiles.

ATS781

Feature:

1) Special law enforcement product

2) Multi-function weapon.

- Electric striking probe cartridge

   Distance for use ranges 1.5-3.5 meters. After firing, two about 5-meter-long guided projectile probes will be ejected, generating high-pressure on pulse wave to instantly paralyze the attacker for approximately 2-3 minutes(electric striking 5-10 seconds).

- Pepper powder cartridge

   contains pepper powder. Distance for use ranges 3-5 meters which may generate a defensive area of approximately 3 meters, requiring no aiming on purpose. Once fired, the attacker will be unable to open the eyes, coughing and tear-dropping for about 5-10 minutes.

- Rubber bullet

   Distance for use ranges 5-30 meters, which will make the attacker painful to slow down the attack and the user may then quickly leave the scene.

- Stun shock

   Even do not install any cartridge in the gun, it still can work as a general stun gun.

- Strong flashlight

Standard package

1) Electric gun

2) Cartridge

   Electric striking projectile probe cartridge   2 pieces

   Pepper powder cartridge   2 pieces

   Riot-suppressing cartridge   1 pieces

3) Charger

4) Belt electric striking gun holster

5) Belt spare cartridge case

6) Package bag

Application:

1. Law enforcement agency

2. All security guards for public

3. Riot Control Force

4. Security companies

5. Personal safety

ACT791

Specification:600KV/800KV

Stun gun/Flashlight
1) 1 ultra bright LED bulb
2) Extremely high voltage power
3) Safety switch
4) Nylon carrying case
5) Overall size: 14*37*22MM
6) 2 CR123A lithium batteries

ACT781

Specification:1000KV

Stun Gun/Flashlight
1) Unique design(patent pending)
2) Ultra-bright LED flashlight

Flashlight

Flashlight Camera

NEW

ADV010

• The Flashlight Camera is a real working flashlight real time audio video recording function plus take high resolution photos during the day or night.

• Features:
1. High quality video camera complete with audio
2. Compact size and portable DVR System
3. 4GB built-in memory
4. MPEG4 Video Recording
5. Support 5-12 Hours VGA recording
6. Built-in CMOS Color VGA Sensor(640X480)
7. Night Vision support
8. Flashlight in 3 modes: High level, Low level, Strobe
9. High brightness LED bulb(Output:180 Lumens, Distance:200M)
10. High durable aluminum water proof body
11. Easy download on your computer in USB line
12. Easy operation with one touch control
13. High capacity battery(Runtime:600 Minutes)

• Applications:
1. Patrol of Police,military and law enforcement agencies.
2. Evidence collections of customs and other law enforcement agencies
3. Patrol and equipement inspection at port, rail system, urban and regional services departments. oil field, warehouse, factory etc.
4. Personal safety

Tactical Flashlight

GDT001
Features
• Bulb: CREE LED Q3
• Output: 80 Lumens
• Battery: One CR123A Battery
• Body Material: Aerospace Grade Aluminum With Hard -anodized Finish
• Runtime: 100% Constant on: Minimum 3 Hours
• Dimensions: 85mm (36mm Head Diameter)
• Distance: Minimum 120m
• Weight: 78g (Battery Excluded)
• Charger: N/A
• Water Proof

RDT924
Features
• Bulb: CREE LED
• Output: 160 Lumens
• Battery: One CR123 Battery or 16340 Rechargeable Battery
• Body Material: Aerospace Grade Aluminum With Hard -anodized Finish
• Runtime: 100% Constant on: Minimum 240 Minutes/ 40% Constant On: Minimum 450 Minutes
• Multi-level Output: High-Low-Strobe
• Dimensions: 82mm (21.5mm Head Diameter)
• Distance: Minimum 180m
• Weight: 35g (Battery Excluded)
• Water Proof

FDT010
Features
• Bulb: CREE LED
• Output: 130 Lumens
• Battery: One AA Battery
• Body Material: Aerospace Grade Aluminum With Hard -anodized Finish
• Runtime: 100% Constant on: Minimum 240 Minutes/ 40% Constant On: Minimum 450 Minutes
• Multi-level Output: High-Low-Strobe
• Dimensions: 102mm (21.5mm Head Diameter)
• Distance: Minimum 200m
• Weight: 58.5g (Battery Excluded)
• Water Proof

RDT926

Features
- Bulb: CREE LED
- Output: 225 Lumens
- Battery: One NT18650 Rechargeable Battery
- Body Material: Aerospace Grade Aluminum With Hard-anodized Finish
- Runtime: 100% Constant on: Minimum 240 Minutes/30% Constant On: Minimum 650 Minutes
- Multi-level Output: High-Low-Strobe
- Dimensions:125mm (25mm Head Diameter)
- Distance: Minimum 250m
- Weight: 82g (Battery Excluded)
- Charger: Wall Charge
- Water Proof

Pancratic Flashlight

FDT221

Features
- Bulb: CREE LED Q4
- Output: 120 Lumens
- Battery: Three AAA Batteries or Two CR123A Batteries
- Body Material: Aerospace Grade Aluminum With Hard-anodized Finish
- Runtime: 100% Constant on: Minimum 3 Hours
- Dimensions: 130mm (36mm Head Diameter)
- Distance: Minimum 200m
- Weight: 110g (Battery Excluded)
- Water Proof

RDT815A

Features
- Bulb: CREE LED
- Output: 225 Lumens
- Battery: One NT18650 Rechargeable Battery
- Body Material: Aerospace Grade Aluminum With Hard-anodized Finish
- Runtime: 100% Constant on: Minimum 180 Minutes/40% Constant On: Minimum 450 Minutes
- Multi-level Output: High-Medium-Low-Strobe-SOS
- Dimensions: 150mm*26mm (45mm Head Diameter)
- Distance: Minimum 300m
- Weight: 167g (Battery Excluded)
- Charger: Wall Charge
- Water Proof

FDT226

Features
- Bulb: CREE LED Q4
- Output: 150 Lumens
- Battery: One NT18650 Lithium Battery Or Two Cr123 Batteries
- Body Material: Aerospace Grade Aluminum With Hard-anodized Finish
- Runtime: 100% Constant on: Minimum 5 Hours
- Multi-level Output: High-Low-Strobe
- Dimensions: 150mm (36mm Head Diameter)
- Distance: Minimum 300m
- Weight: 98g (Battery Excluded)
- Water Proof

RDT833A

Features
- Bulb: CREE LED
- Output: 225 Lumens
- Battery: One NT18650 Rechargeable Lithium Battery
- Body Material: Aerospace Grade Aluminum With Hard-anodized Finish
- Runtime: 100% Constant on: Minimum 180 Minutes/40% Constant On: Minimum 450 Minutes
- Multi-level Output: High-Medium-Low-Strobe-SOS
- Dimensions: 155mm*26mm (45mm Head Diameter)
- Distance: Minimum 300m
- Weight: 180g (Battery Excluded)
- Charger: Wall Charge
- Water Proof

RDT822

Features
- Bulb: CREE LED
- Output: 225 Lumens
- Battery: One NT18650 Rechargeable Battery
- Body Material: Aerospace Grade Aluminum With Hard-anodized Finish
- Runtime: 100% Constant on: Minimum 180 Minutes/ 40% Constant On: Minimum 450 Minutes
- Multi-level Output: High-Medium-Low-Strobe-SOS
- Dimensions: 155mm*26mm (42mm Head Diameter)
- Distance: Minimum 300m
- Weight: 156g (Battery Excluded)
- Charger: Wall Charge
- Water Proof

FDT892

Submersible Flashlight

Features
- Bulb: CREE LED Q4
- Output: 150 Lumens
- Battery: Four AA Batteries
- Body Material: Black Explosion-proof Plastic with Stainless Head
- Runtime: 100% Constant on: Minimum 6 Hours
- Dimensions: 158mm (42.5mm Head Diameter)
- Distance: Minimum 300m
- Weight: 130g (Battery Excluded)
- Submersible Rating: 60m

RDT809C

Features
- Bulb: CREE LED
- Output: 180 Lumens
- Battery: One NT18650 Rechargeable Battery
- Body Material: Aerospace Grade Aluminum With Hard-anodized Finish
- Runtime: 100% Constant on: Minimum 240 Minutes/20% Constant On: Minimum 1200 Minutes
- Multi-level Output: High-Low-Strobe
- Dimensions: 168mm*26.5mm (40mm Head Diameter)
- Distance: Minimum 350m
- Weight: 185g (Battery Excluded)
- Charger: Direct-charge & In-car Charge
- Water Proof

RDT828A

Features
- Bulb: CREE LED
- Output: 225 Lumens
- Battery: One NT18650 Rechargeable Battery
- Body Material: Aerospace Grade Aluminum With Hard-anodized Finish
- Runtime: 100% Constant on: Minimum 180 Minutes/40% Constant On: Minimum 450 Minutes
- Multi-level Output: High-Medium-Low-Strobe-SOS
- Dimensions: 178mm*26mm (42mm Head Diameter)
- Distance: Minimum 500m
- Weight: 200g (Battery Excluded)
- Charger: Direct-charge & In-car Charge
- Water Proof

RDT814A

Features
- Bulb: CREE LED
- Output: 225 Lumens
- Battery: One NT18650 Rechargeable Battery
- Body Material: Aerospace Grade Aluminum With Hard-anodized Finish
- Runtime: 100% Constant on: Minimum 180 Minutes/40% Constant On: Minimum 450 Minutes
- Multi-level Output: High-Medium-Low-Strobe-SOS
- Dimensions: 180mm*26mm (46mm Head Diameter)
- Distance: Minimum 500m
- Weight: 218g (Battery Excluded)
- Charger: Wall Charge
- Water Proof

RDT334

Features
- Bulb: CREE LED Q4
- Output: 135 Lumens
- Battery: Two Rechargeable Batteries
- Body Material: Aerospace Grade Aluminum With Hard-anodized Finish
- Runtime: 100% Constant on: Minimum 5 Hours
- Dimensions: 223mm (44.5mm Head Diameter)
- Distance: Minimum 300m
- Weight: 203g (Battery Excluded)
- Charger: Wall Charge
- Water Proof

RDT323

Features
- Bulb: CREE LED Q4
- Output: 135 Lumens
- Battery: Two Rechargeable Batteries
- Body Material: Aerospace Grade Aluminum With Hard-anodized Finish
- Runtime: 100% Constant on: Minimum 5 Hours
- Dimensions: 230mm (47.5mm Head Diameter)
- Distance: Minimum 300m
- Weight: 213g (Battery Excluded)
- Charger: Wall Charge
- Water Proof

RDT814B

Features
・Bulb: CREE LED
・Output: 225 Lumens
・Battery: Two NT18650 Rechargeable Lithium Batteries
・Body Material: Aerospace Grade Aluminum With Hard-anodized Finish
・Runtime: 100% Constant on: Minimum 360 Minutes/35% Constant On: Minimum 600 Minutes
・Multi-level Output: High-Medium-Low-Strobe-SOS
・Dimensions: 235mm*26mm (46mm Head Diameter)
・Distance: Minimum 500m
・Weight: 257g (Battery Excluded)
・Charger: Wall Charge
・Water Proof

RDT911

Features
・Bulb: CREE MCE LED
・Output: 450 Lumens
・Battery: Two NT18650 Rechargeable Batteries
・Body Material: Aerospace Grade Aluminum With Hard-anodized Finish
・Runtime: 100% Constant on: Minimum 120 Minutes/40% Constant On: Minimum 450 Minutes
・Multi-level Output: High-Medium-Low-Strobe-SOS
・Dimensions: 240mm*30mm (61mm Head Diameter)
・Distance: Minimum 400m
・Weight: 356g (Battery Excluded)
・Charger: Wall Charge
・Water Proof

RDT912

Features
・Bulb: SST-50 LED
・Output: 1200 Lumens
・Battery: Two NT18650 Rechargeable Lithium Batteries
・Body Material: Aerospace Grade Aluminum With Hard-anodized Finish
・Runtime: 100% Constant on: Minimum 120 Minutes/50% Constant On: Minimum 200 Minutes
・Multi-level Output: 100%-80%-50%-30%-10%-Strobe
・Dimensions: 250mm*30mm (61mm Head Diameter)
・Distance: Minimum 500m
・Weight: 457g (Battery Excluded)
・Charger: Wall Charge
・Water Proof

Metal Detector

The Metal Detector is an active hand-held product with very high sensitivity to all metals, including ferrous, nonferrous and stainless steel. Detection and alarming takes place when the instrument is passed in close proximity to metal objects.

GC1002

Specifications:
Operating Frequency: 93 kHz
Audio Frequency: 2 kHz, Warbled
Dimensions: 42cm*8.3cm*4.13cm
Voltage: 6.8 to 10 Vdc
Current: 5 mA
Battery: Standard 9V or 7.2V Ni-MH Rechargeable battery
Operating Temperatures: -35°F（-37°C）to 158°F（70°C）
Humidity: to 95% noncondensing

Air-Charged Catching Net Gun

The net gun powered by compressed air is perfect non-lethal weapon. Comparing with traditional net gun driven by gunpowder, it is a revolutionary new product with many features.

AWQ756

Feature:

1.Environmentally-friendly products
  The net gun does not generate any flames, harmful gas. Only generate low noise as firing.

2.More safety
  It is particularly safe to use the net gun in such special locations as the refueling station, oil field, other chemical industrial site, city metro, airport, railway station and bus station.

3.Non-restriction weapon in almost all countries
  Because the net gun is powered by compressed air, it is a non-gunpowder firing products, does not belong to military weapon.

Application:

1.Security guards
  It is more safety to use the net gun in security guards at oil refilling stations, oil fields, chemical industrial sites or some other special locations.

2.Riot Control Force
  It is much easier to use the net gun to control a not at prison, city metros, airports, railway or bus stations.

3.Arrest Criminal Suspects
  It is very useful for police or other enforcing authority to arrest criminal suspects. They can capture the suspects without harming them easily.

4.Counter Drug Operation

5.Safe Animal Catching

6.Personal safety

Specification:

Power: Compressed Air

Net Area:16M^2

Deploy Speed: OVER 25M/S

Rang: Over 13M

Net material: Unbreakable Nylon Tensile Fiber Net material

At only 2 1/2 inches long,
this window alarm inconspicuously
protects your home from intruders.

Features:

1) Magnetic sensor to detect the opening of a protected window or door

2) 105 dB alarm

3) Deactivation key

The owner may open the window or other protected object,without setting off
the alarm by inserting a deactivation key.Once the deactivation key has been
removed and the protected door or window is opened,the alarm will sound until
the key is inserted or the door or window is closed.

• Features:

1) Alloy Steel 42CrMo which equal to Alloy steel Cl4140

2) Lock in a steel clip as closed baton Taper lock as extended baton

3) Titanium oxide coating/Chrome(Bronze/Argentine)

4) Laser marking logo

5) Carrying case

6) Foam covered handle/Rubber covered handle

Conditions of sale

It is the buyer's responsibility, not the seller, to ascertain and obey all applicable local, state, and federal laws regarding the possession and use of any item offered by our company. If you are unsure, please contact your local or state authorities. Also, be sure and check the laws on personal safety and police equipment for State and County legality.
Defense Weapons not sold to person under 18 years of age.

Purchase of this product is an agreement by the purchaser/user to hold all sellers and manufacturers harmless of all liabilities and damages. The purchaser/user assumes all responsibility for the use and misuse of this product.

Business Policy and Term

Wholesale only!
We do not sell retail. In order to purchase directly from us you must be already established in business or want to start a business importing these types of products. In the meantime, you must assure you are a licensed importer as per your local laws. Those wishing to purchase retail can do so through one of our dealers.

WARNING

1. Keep out of reach of children.
2. Use only in a lawful manner.
3. Check state and local laws for stun gun usage.
4. Do not discharge stun gun into the air for more than 1 second at a time.
   Continuous firing for a longer duration can damage the unit and will void the warranty.
5. Stun gun is only allowed to be sold to a person 18 years of age or older.
